### *Management's Comments*

Neil Wilkin, President and Chief Executive Officer of OCC, said, "Fiscal year 2025 was a solid year for OCC, in which we delivered substantial growth in net sales and greater growth in gross profit as a result of our strong operating leverage. Over the course of fiscal 2025, we successfully executed on our growth strategies and benefited from strong positioning in our target markets, as the macro-weakness in our industry during the second half of fiscal 2023 and most of fiscal 2024 subsided."

"As previously announced, in July 2025, OCC entered into a strategic collaboration with Lightera, LLC that expands our product solutions offerings and our growth opportunities. We continued to operate efficiently and benefit from our strong operating leverage," Mr. Wilkin added.

"I am grateful to our incredible team, whose meaningful contributions and dedication to the Company have positioned OCC for continued growth in fiscal year 2026 and beyond. We are optimistic about opportunities ahead and excited to build on our momentum to create value for our shareholders, customers, and other stakeholders," Mr. Wilkin said.
