Condensed Notes to Condensed Consolidated Financial Statements

Three Months Ended January 31, 2013

(Unaudited)

**(1) General**

The accompanying unaudited condensed consolidated financial statements of Optical Cable Corporation and its subsidiaries (collectively, the “Company” or “OCC®”) have been prepared in accordance with U.S. generally accepted accounting principles for interim financial reporting information and the instructions to Form 10-Q and Regulation S-X. Accordingly, they do not include all of the information and notes required by U.S. generally accepted accounting principles for complete financial statements. In the opinion of management, all material adjustments considered necessary for a fair presentation have been included. Operating results for the three months ended January 31, 2013 are not necessarily indicative of the results for the fiscal year ending October 31, 2013 because the following items, among other things, may impact those results: changes in market conditions, seasonality, changes in technology, competitive conditions, ability of management to execute its business plans, as well as other variables, uncertainties, contingencies and risks set forth as risks in the Company’s Annual Report on Form 10-K for the fiscal year ended October 31, 2012 (including those set forth in the “Forward-Looking Information” section), or as otherwise set forth in other filings by the Company as variables, contingencies and/or risks possibly affecting future results. The unaudited condensed consolidated financial statements and condensed notes are presented as permitted by Form 10-Q and do not contain certain information included in the Company’s annual consolidated financial statements and notes. For further information, refer to the consolidated financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the fiscal year ended October 31, 2012.

**(2) Stock Option Plan and Other Share-Based Compensation**

As of January 31, 2013, there were approximately 161,000 and 55,000 remaining shares available for grant under the Optical Cable Corporation 2011 Stock Incentive Plan and the Optical Cable Corporation 2005 Stock Incentive Plan, respectively.

Share-based compensation expense for employees and Non-employee Directors recognized in the condensed consolidated statements of income for the three months ended January 31, 2013 and 2012 was \$336,798 and \$253,843, respectively, and was entirely related to expense recognized in connection with the vesting of restricted stock awards.

*Restricted Stock Awards*

The Company has granted, and anticipates granting from time to time, restricted stock awards subject to approval by the Compensation Committee of the Board of Directors.

Restricted stock award activity during the three months ended January 31, 2013 consisted of 69,025 restricted shares withheld for taxes in connection with the vesting of restricted shares.

As of January 31, 2013, the maximum amount of compensation cost related to unvested equity-based compensation awards in the form of service-based and operational performance-based shares that the Company will have to recognize over a 2.6 year weighted-average period is approximately \$1.3 million.

(Unaudited)

**(6) Long-term Debt and Note Payable to Bank**

The Company has credit facilities consisting of a real estate term loan, as amended (the "Virginia Real Estate Loan"), a supplemental real estate term loan, as amended (the "North Carolina Real Estate Loan") and a revolving credit facility, as amended (the "Commercial Loan").

Both the Virginia Real Estate Loan and the North Carolina Real Estate Loan have a fixed interest rate of 4.25% and are secured by a first priority lien on all of the Company's personal property and assets, except for the Company's inventory, accounts, general intangibles, deposit accounts, instruments, investment property, letter of credit rights, commercial tort claims, documents and chattel paper, as well as a first lien deed of trust on the Company's real property.

Long-term debt as of January 31, 2013 and October 31, 2012 consists of the following:

	<u>January 31,</u> <u>2013</u>	<u>October 31,</u> <u>2012</u>
Virginia Real Estate Loan (\$6.5 million original principal) payable in monthly installments of \$36,426, including interest (at 4.25%), with final payment of \$4,858,220 due April 30, 2018	\$5,907,405	\$5,952,200
North Carolina Real Estate Loan (\$2.24 million original principal) payable in monthly installments of \$12,553, including interest (at 4.25%), with final payment of \$1,674,217 due April 30, 2018	2,035,782	2,051,219
Total long-term debt	7,943,187	8,003,419
Less current installments	250,439	247,739
Long-term debt, excluding current installments	<u>\$7,692,748</u>	<u>\$7,755,680</u>

The Commercial Loan provides the Company with a revolving line of credit for the working capital needs of the Company. The Commercial Loan provides the Company the ability to borrow an aggregate principal amount at any one time outstanding not to exceed the lesser of (i) \$6.0 million, or (ii) the sum of 85% of certain receivables aged 90 days or less plus 35% of the lesser of \$1.0 million or certain foreign receivables plus 25% of certain raw materials inventory. Within the revolving loan limit of the Commercial Loan, the Company may borrow, repay, and reborrow, at any time from time to time until May 31, 2014, the current maturity date of the Commercial Loan.

Advances under the Commercial Loan accrue interest at the greater of (x) LIBOR plus 2.0%, or (y) 3.0%. Accrued interest on the outstanding principal balance is due on the first day of each month, with all then outstanding principal, interest, fees and costs due at the Commercial Loan maturity date of May 31, 2014.

The Commercial Loan is secured by a first priority lien on all of the Company's inventory, accounts, general intangibles, deposit accounts, instruments, investment property, letter of credit rights, commercial tort claims, documents and chattel paper.

As of January 31, 2013, the Company had \$2.0 million of outstanding borrowings on its Commercial Loan and \$4.0 million in available credit. As of October 31, 2012, the Company had outstanding borrowings of \$1.0 million on its Commercial Loan and \$5.0 million in available credit.

**(7) Fair Value Measurements**

The carrying amounts reported in the condensed consolidated balance sheets as of January 31, 2013 and October 31, 2012 for cash, trade accounts receivable, other receivables and accounts payable and accrued expenses, including accrued compensation and payroll taxes, approximate fair value because of the short maturity of these instruments. The carrying value of the Company's note payable to bank and long-term debt approximates fair value based on similar long-term debt issues available to the Company as of January 31, 2013 and October 31, 2012. Fair value is defined as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**(8) Net Income Per Share**

Basic net income per share excludes dilution and is computed by dividing net income available to common shareholders by the weighted-average number of common shares outstanding for the period. Diluted net income per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the net income of the Company.

The following is a reconciliation of the numerators and denominators of the net income per share computations for the periods presented:

	<u>Three months ended January 31,</u>	
	<u>2013</u>	<u>2012</u>
Net income attributable to OCC (numerator)	\$ 129,820	\$ 192,444
Shares (denominator)	<u>6,309,421</u>	<u>6,287,761</u>
Basic and diluted net income per share	<u>\$ 0.02</u>	<u>\$ 0.03</u>

There were no stock options that could potentially dilute net income per share in the future that were not included in the computation of diluted net income per share for the three months ended January 31, 2013. Stock options that could potentially dilute net income per share in the future that were not included in the computation of diluted net income per share (because to do so would have been antidilutive for the period presented) totaled 131,388 for the three months ended January 31, 2012.

**(9) Shareholders' Equity**

The Company has a plan, approved by its Board of Directors on September 20, 2012, to purchase and retire up to 320,000 shares of the Company's common stock, or approximately 4.9% of the shares then outstanding. The Company anticipates that the purchases will be made over a 12- to 24-month period unless the entire number of shares expected to be purchased under the plan is sooner acquired. As of January 31, 2013, the Company had 123,500 shares of its outstanding common stock remaining to purchase under this plan.

**OPTICAL CABLE CORPORATION**

Condensed Notes to Condensed Consolidated Financial Statements

Three Months Ended January 31, 2013

(Unaudited)

On December 6, 2012, the Company declared a quarterly cash dividend of \$0.02 per share on its common stock totaling \$126,102. This amount was distributed on December 21, 2012; therefore, there is no liability associated with common stock dividends declared included in accounts payable and accrued expenses in the accompanying condensed consolidated balance sheet as of January 31, 2013.

**(10) Segment Information and Business and Credit Concentrations**

The Company provides credit, in the normal course of business, to various commercial enterprises, governmental entities and not-for-profit organizations. Concentration of credit risk with respect to trade receivables is limited due to the Company's large number of customers. The Company also manages exposure to credit risk through credit approvals, credit limits and monitoring procedures. Management believes that credit risks as of January 31, 2013 and October 31, 2012 have been adequately provided for in the condensed consolidated financial statements.

No single customer accounted for more than 10% of the Company's consolidated net sales during the three months ended January 31, 2013 and 2012.

For the three months ended January 31, 2013 and 2012, approximately 66% and 73%, respectively, of consolidated net sales were from customers in the United States, and approximately 34% and 27%, respectively, were from customers outside of the United States. For the three months ended January 31, 2013, 10.6% of consolidated net sales were attributable to one country outside of the United States. No one country outside of the United States accounted for more than 10% of the Company's consolidated net sales during the three months ended January 31, 2012.

The Company has a single reportable segment for purposes of segment reporting, exclusive of Centric Solutions LLC ("Centric Solutions"). For the three months ended January 31, 2013 and 2012, Centric Solutions generated revenues, net of intercompany sales, totaling \$253,522 and \$359,538, respectively. For the three months ended January 31, 2013 and 2012, Centric Solutions incurred operating losses of \$77,710 and \$166,135, respectively. Total assets of Centric Solutions of approximately \$252,000 (net of intercompany amounts) are included in the total consolidated assets of the Company as of January 31, 2013.

**(11) Contingencies**

From time to time, the Company is involved in various claims, legal actions and regulatory reviews arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Company's financial position, results of operations or liquidity.

**(12) New Accounting Standards Not Yet Adopted**

There are no new accounting standards issued, but not yet adopted by the Company, which are expected to materially impact the Company's financial position, operating results or financial statement disclosures.

**Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations**

**Forward-Looking Information**

This Form 10-Q may contain certain forward-looking information within the meaning of the federal securities laws. The forward-looking information may include, among other information, (i) statements concerning our outlook for the future, (ii) statements of belief, anticipation or expectation, (iii) future plans, strategies or anticipated events, and (iv) similar information and statements concerning matters that are not historical facts. Such forward-looking information is subject to known and unknown variables, uncertainties, contingencies and risks that may cause actual events or results to differ materially from our expectations, and such variables, uncertainties, contingencies and risks may also adversely affect Optical Cable Corporation and its subsidiaries (collectively, the “Company” or “OCC®”), the Company’s future results of operations and future financial condition, and/or the future equity value of the Company. Factors that could cause or contribute to such differences from our expectations or risks that could adversely affect the Company include, but are not limited to, the level of sales to key customers, including distributors; timing of certain projects and purchases by key customers; the economic conditions affecting network service providers; corporate and/or government spending on information technology; actions by competitors; fluctuations in the price of raw materials (including optical fiber, copper, gold and other precious metals, and plastics and other materials affected by petroleum product pricing); fluctuations in transportation costs; our dependence on customized equipment for the manufacture of our products and our limited number of production facilities; our ability to protect our proprietary manufacturing technology; our ability to replace royalty income as existing patented and licensed products expire by developing and licensing new products; market conditions influencing prices or pricing; our dependence on a limited number of suppliers; the loss of or conflict with one or more key suppliers or customers; an adverse outcome in litigation, claims and other actions, and potential litigation, claims and other actions against us; an adverse outcome in regulatory reviews and audits and potential regulatory reviews and audits; adverse changes in state tax laws and/or positions taken by state taxing authorities affecting us; technological changes and introductions of new competing products; changes in end-user preferences for competing technologies, relative to our product offering; economic conditions that affect the telecommunications sector, the data communications sector, certain technology sectors and/or certain industry market sectors; economic conditions that affect certain geographic markets and/or the economy as a whole; changes in demand for our products from certain competitors for which we provide private label connectivity products; terrorist attacks or acts of war, and any current or potential future military conflicts; changes in the level of military spending or other spending by the United States government; ability to retain key personnel; inability to recruit needed personnel; poor labor relations; the impact of changes in accounting policies and related costs of compliance, including changes by the Securities and Exchange Commission (SEC), the Public Company Accounting Oversight Board (PCAOB), the Financial Accounting Standards Board (FASB), and/or the International Accounting Standards Board (IASB); our ability to continue to successfully comply with, and the cost of compliance with, the provisions of Section 404 of the Sarbanes-Oxley Act of 2002 or any revisions to that act which apply to us; the impact of changes and potential changes in federal laws and regulations adversely affecting our business and/or which result in increases in our direct and indirect costs, including our direct and indirect costs of compliance with such laws and regulations; the impact of the Patient Protection and Affordable Care Act of 2010, the Health Care and Education Reconciliation Act of 2010, and any revisions to those acts that apply to us and the related legislation and regulation associated with those acts, which directly or indirectly results in increases to our costs; the impact of changes in state or federal tax laws and regulations increasing our costs and/or impacting the net return to investors owning our shares; the impact of future consolidation among competitors and/or among customers adversely affecting our position with our customers and/or our market position; actions by customers adversely affecting us in reaction to the expansion of our product offering in any manner, including, but not limited to, by offering products that compete with our customers, and/or by entering into alliances with, making investments in or with, and/or acquiring parties that compete with and/or have conflicts with our customers; voluntary or involuntary delisting of the

### **Overview of Optical Cable Corporation**

Optical Cable Corporation (or OCC®) is a leading manufacturer of a broad range of fiber optic and copper data communication cabling and connectivity solutions primarily for the enterprise market, offering an integrated suite of high quality, warranted products which operate as a system solution or seamlessly integrate with other providers' offerings. Our product offerings include designs for uses ranging from commercial, enterprise network, datacenter, residential and campus installations to customized products for specialty applications and harsh environments, including military, industrial, mining and broadcast applications. Our products include fiber optic and copper cabling, fiber optic and copper connectors, specialty fiber optic and copper connectors, fiber optic and copper patch cords, pre-terminated fiber optic and copper cable assemblies, racks, cabinets, datacom enclosures, patch panels, face plates, multi-media boxes, and other cable and connectivity management accessories, and are designed to meet the most demanding needs of end-users, delivering a high degree of reliability and outstanding performance characteristics.

OCC® is internationally recognized for pioneering the design and production of fiber optic cables for the most demanding military field applications, as well as of fiber optic cables suitable for both indoor and outdoor use, and creating a broad product offering built on the evolution of these fundamental technologies. OCC also is internationally recognized for its role in establishing copper connectivity data communications standards, through its innovative and patented technologies.

Founded in 1983, Optical Cable Corporation is headquartered in Roanoke, Virginia with offices, manufacturing and warehouse facilities located in Roanoke, Virginia, near Asheville, North Carolina, and near Dallas, Texas. We primarily manufacture our fiber optic cables at our Roanoke facility which is ISO 9001:2008 registered and MIL-STD-790F certified, our enterprise connectivity products at our Asheville facility which is ISO 9001:2008 registered, and our military and harsh environment connectivity products and systems at our Dallas facility which is ISO 9001:2008 registered and MIL-STD-790F certified.

In Roanoke, the OCC team primarily designs, develops and manufactures fiber optic cables for a broad range of commercial and specialty markets and applications. We refer to these products as our fiber optic cable offering.

## [Table of Contents](#)

In Asheville, the OCC team primarily designs, develops and manufactures fiber and copper connectivity products for the commercial market, including a broad range of commercial and residential applications. We refer to these products as our enterprise connectivity product offering.

In Dallas, the OCC team primarily designs, develops and manufactures a broad range of specialty fiber optic connectors and connectivity solutions principally for use in military and other harsh environment applications. We refer to these products as our applied interconnect systems product offering. We market and sell the products manufactured at our Dallas facility through our wholly owned subsidiary Applied Optical Systems, Inc. (“AOS”) under the names Optical Cable Corporation and OCC by the efforts of our integrated OCC sales team.

Additionally, Optical Cable Corporation owns 70% of the authorized membership interests of Centric Solutions LLC (“Centric Solutions”). Centric Solutions is a business founded in 2008 to provide turnkey cabling and connectivity solutions for the datacenter market. Centric Solutions operates and goes to market independently from Optical Cable Corporation; however, in some cases, Centric Solutions may offer products from OCC’s product offering.

Optical Cable Corporation, OCC®, Procyon, Superior Modular Products, SMP Data Communications, Applied Optical Systems, and associated logos are trademarks of Optical Cable Corporation.

### **Summary of Company Performance for First Quarter 2013**

- Consolidated net sales for each of the first quarters of fiscal years 2013 and 2012 were \$17.3 million, with net sales to customers outside of the United States increasing 23.4%, offset by a 9.1% decrease in net sales to customers in the U.S.
- Gross profit increased 6.1% to \$6.5 million for the first quarter of fiscal year 2013 compared to \$6.2 million for the same period last year.
- We reported net income attributable to OCC of \$130,000, or \$0.02 per share, during the first quarter of fiscal year 2013, compared to net income attributable to OCC of \$192,000, or \$0.03 per share, for the first quarter of fiscal year 2012.
- OCC increased its regular quarterly dividend rate to \$0.02 per share per quarter, in December 2012, implying an annual dividend rate of \$0.08 per share. OCC’s Board of Directors decided to accelerate the declaration and payment of the first quarterly dividend for fiscal year 2013—which would normally be declared in January 2013 and paid in February 2013. This first quarterly dividend for fiscal year 2013 was declared and paid in December 2012.
- We also returned \$543,000 in capital to shareholders through the repurchases of shares of OCC common stock during the first quarter of fiscal year 2013. OCC repurchased and retired 129,500 shares during the quarter.

### **Results of Operations**

We sell our products internationally and domestically through our sales force to our customers, which include major distributors, regional distributors, various smaller distributors, original equipment manufacturers and value-added resellers. All of our sales to customers outside of the United States are denominated in U.S. dollars. We can experience fluctuations in the percentage of net sales to customers outside of the United States from period to period based on the timing of large orders, coupled with the impact of increases and decreases in sales to customers in the United States.

## [Table of Contents](#)

*Net sales* consist of gross sales of products less discounts, refunds and returns. Revenue is recognized at the time of product shipment or delivery to the customer (including distributors) provided that the customer takes ownership and assumes risk of loss (based on shipping terms), collection of the relevant receivable is probable, persuasive evidence of an arrangement exists and the sales price is fixed or determinable. Our customers generally do not have the right of return unless a product is defective or damaged and is within the parameters of the product warranty in effect for the sale.

*Cost of goods sold* consists of the cost of materials, product warranty costs and compensation costs, and overhead and other costs related to our manufacturing operations. The largest percentage of costs included in cost of goods sold is attributable to costs of materials.

Our gross profit margin percentages are heavily dependent upon product mix on a quarterly basis and may vary based on both anticipated and unanticipated changes in product mix. Additionally, gross profit margins tend to be higher when we achieve higher net sales levels, as certain fixed manufacturing costs are spread over higher sales volumes.

*Selling, general and administrative expenses* (“SG&A expenses”) consist of the compensation costs for sales and marketing personnel, shipping costs, trade show expenses, customer support expenses, travel expenses, advertising, bad debt expense, the compensation costs for administration and management personnel, legal and accounting fees, costs incurred to settle litigation or claims and other actions against us, and other costs associated with our operations.

*Royalty income, net* consists of royalty income earned on licenses associated with our patented products, net of royalty and related expenses.

*Amortization of intangible assets* consists primarily of the amortization of developed technology acquired in the acquisition of Superior Modular Products Incorporated, doing business as SMP Data Communications (“SMP Data Communications” or “SMP”) on May 30, 2008, and the amortization of intellectual property and customer list acquired in the acquisition of AOS on October 31, 2009. Amortization of intangible assets is calculated using an accelerated method and the straight line method over the estimated useful lives of the intangible assets.

*Other income (expense), net* consists of interest expense and other miscellaneous income and expense items not directly attributable to our operations.

The following table sets forth and highlights fluctuations in selected line items from our condensed consolidated statements of income for the periods indicated:

	Three Months Ended January 31		Percent Change
	2013	2012	
Net sales	\$17,295,000	\$17,334,000	(0.2)%
Gross profit	6,524,000	6,150,000	6.1
SG&A expenses	6,189,000	5,965,000	3.8
Net income attributable to OCC	130,000	192,000	(32.5)

### *Net Sales*

Consolidated net sales for each of the first quarters of fiscal years 2013 and 2012 were \$17.3 million. We experienced an increase in net sales during the first quarter of fiscal year 2013 in our specialty markets compared to the same period last year, but this increase was offset by decreases in net sales in our commercial markets.

## [Table of Contents](#)

Net sales to customers outside of the United States increased 23.4% in the first quarter of fiscal year 2013, compared to the same period last year, while net sales to customers in the United States decreased 9.1% in the first quarter of fiscal year 2013, compared to the same period last year.

### *Gross Profit*

Our gross profit increased 6.1% to \$6.5 million in the first quarter of fiscal year 2013, compared to \$6.2 million in the first quarter of fiscal year 2012. Gross profit margin, or gross profit as a percentage of net sales, increased to 37.7% in the first quarter of fiscal year 2013 from 35.5% in the first quarter of fiscal year 2012.

Our gross profit margin percentages are heavily dependent upon product mix on a quarterly basis and may vary based on both anticipated and unanticipated changes in product mix.

### *Selling, General, and Administrative Expenses*

SG&A expenses increased 3.8% to \$6.2 million during the first quarter of fiscal year 2013, compared to \$6.0 million for the same period last year. SG&A expenses as a percentage of net sales were 35.8% in the first quarter of fiscal year 2013 compared to 34.4% in the first quarter of fiscal year 2012.

The increase in SG&A expenses during the first quarter of fiscal year 2013 compared to the same period last year was primarily due to increased employee related costs. Compensation costs increased in the first quarter of fiscal 2013 compared to the same period last year largely as a result of increases in employee headcount.

### *Royalty Income (Expense), Net*

We recognized royalty expense, net of royalty income, totaling \$48,000 during the first quarter of fiscal year 2013, compared to royalty income, net of royalty and related expenses, totaling \$186,000 during the same period last year. The increase in royalty expense, net when comparing the two periods, is primarily due to the expiration of certain patents during fiscal year 2012, which had previously generated a large portion of our royalty income. The expired patents were acquired in our 2008 acquisition of SMP Data Communications. As a result, we expect the trend of royalty expense largely or completely offsetting royalty income to continue in fiscal year 2013. At the same time, we expect amortization expense associated with intangible assets to continue to decline as well.

### *Amortization of Intangible Assets*

We recognized \$23,000 of amortization expense, associated with intangible assets, for the first quarter of fiscal year 2013, compared to amortization expense of \$33,000 during the first quarter of fiscal year 2012. The decrease in amortization expense, when comparing the two periods, is primarily due to the fact that the purchased developed technology asset, acquired in connection with the acquisition of SMP Data Communications on May 30, 2008, is being amortized using a declining balance method over the useful life of the asset; therefore, the amortization expense decreases as the asset ages and nears the end of its useful life.

### *Other Expense, Net*

We recognized other expense, net of \$112,000 in the first quarter of fiscal year 2013 compared to \$145,000 in the first quarter of fiscal year 2012. Other expense, net is comprised of interest expense and other miscellaneous items which may fluctuate from period to period.

## [Table of Contents](#)

### *Income Before Income Taxes*

We reported income before income taxes of \$151,000 for the first quarter of fiscal year 2013 compared to \$192,000 for the first quarter of fiscal year 2012. This decrease was primarily due to the increase in SG&A expenses of \$224,000 and the change in royalty income (expense), net of \$234,000 in the first quarter of fiscal year 2013, partially offset by the increase in gross profit of \$374,000, compared to the same period in 2012.

### *Income Tax Expense*

Income tax expense totaled \$40,000 in each of the first quarters of fiscal years 2013 and 2012. Our effective tax rate for the first quarter of fiscal year 2013 was 26.6% compared to 20.7% for the first quarter of fiscal year 2012.

Fluctuations in our effective tax rates are primarily due to permanent differences in U.S. GAAP and tax accounting for various tax deductions and benefits, but can also be significantly different from the statutory tax rate when income or loss before taxes is at a level such that permanent differences in U.S. GAAP and tax accounting treatment have a disproportional impact on the projected effective tax rate.

### *Net Income*

Net income attributable to OCC for the first quarter of fiscal year 2013 was \$130,000 compared to \$192,000 for the first quarter of fiscal year 2012. This decrease was due primarily to the decrease in income before taxes of \$41,000 in the first quarter of fiscal year 2013, compared to the same period in fiscal year 2012.

## **Financial Condition**

Total assets decreased \$1.5 million, or 3.1%, to \$46.3 million at January 31, 2013, from \$47.8 million at October 31, 2012. This decrease was primarily due to a \$3.4 million decrease in trade accounts receivable, net partially offset by \$996,000 increase in inventories and an \$848,000 increase in property and equipment, net. The decrease in trade accounts receivable, net largely resulted from the decrease in net sales in the first quarter of fiscal year 2013 when compared to the fourth quarter of fiscal year 2012, as well as the timing of receipts of payments during the quarter and continued efforts to manage collections. The increase in inventories is largely due to efforts to support a wider variety of stocked products. The increase in property and equipment, net is due primarily to the addition of new manufacturing equipment at our fiber optic cable production facility.

Total liabilities decreased \$1.0 million, or 5.7%, to \$16.7 million at January 31, 2013, from \$17.7 million at October 31, 2012. This decrease was primarily due to a \$2.0 million decrease in accounts payable and accrued expenses, including accrued compensation and payroll taxes, largely due to the timing of related payments when comparing the two periods, partially offset by a \$1.0 million increase in note payable to bank under our revolving line of credit.

Total shareholders' equity attributable to OCC at January 31, 2013 decreased \$450,000 in the first quarter of fiscal year 2013. The decrease resulted from the repurchase and retirement of 129,500 shares of our common stock for \$543,000 and dividends declared of \$126,000, partially offset by net income attributable to OCC of \$130,000 and share-based compensation, net of \$50,000.

## **Liquidity and Capital Resources**

Our primary capital needs during the first quarter of fiscal year 2013 have been to fund working capital requirements and capital expenditures, as well as the repurchase and retirement of shares of our common stock. Our primary source of capital for these purposes has been existing cash, borrowings under our revolving credit facility and cash provided by operations. As of January 31, 2013 and October 31, 2012, we had outstanding loan

## [Table of Contents](#)

balances under our revolving credit facility of \$2.0 million and \$1.0 million, respectively. As of January 31, 2013 and October 31, 2012, we had outstanding loan balances, excluding our revolving credit facility, totaling \$7.9 million and \$8.0 million, respectively.

Our cash totaled \$506,000 as of January 31, 2013, a decrease of \$85,000, compared to \$591,000 as of October 31, 2012. The decrease in cash for the three months ended January 31, 2013 resulted from capital expenditures totaling \$1.5 million and net cash used in financing activities of \$73,000, partially offset by net cash provided by operating activities of \$1.5 million.

On January 31, 2013, we had working capital of \$26.0 million compared to \$26.8 million on October 31, 2012. The ratio of current assets to current liabilities as of January 31, 2013 was 5.4 to 1 compared to 4.4 to 1 as of October 31, 2012. The decrease in working capital was primarily due to the \$3.4 million decrease in accounts receivable, net, partially offset by the \$996,000 increase in inventories and the \$2.0 million decrease in accounts payable and accrued expenses, including accrued compensation and payroll taxes. The improved ratio of current assets to current liabilities as of January 31, 2013 compared to October 31, 2012 was due to the fact that current assets decreased 8.0% while current liabilities decreased 24.9%.

### *Net Cash*

Net cash provided by operating activities was \$1.5 million in the first quarter of fiscal year 2013, compared to net cash used in operating activities of \$176,000 in the first quarter of fiscal year 2012.

Net cash provided by operating activities during the first quarter of fiscal year 2013 primarily resulted from net income of \$111,000 and certain adjustments to reconcile net income to net cash provided by operating activities, including depreciation, amortization and accretion of \$495,000 and share-based compensation expense of \$337,000. Additionally, decreases in accounts receivable of \$3.4 million further contributed to net cash provided by operating activities. All of the aforementioned factors positively affecting cash provided by operating activities were partially offset by an increase in inventories of \$996,000 and a decrease in accrued compensation and payroll taxes of \$2.1 million.

Net cash used in operating activities during the first quarter of fiscal year 2012 primarily resulted from a \$1.2 million increase in inventories and a \$1.1 million decrease in accounts payable and accrued expenses, including accrued compensation and payroll taxes, partially offset by adjustments to reconcile net income to net cash used in operating activities, including depreciation, amortization and accretion of \$551,000 and share-based compensation expense of \$254,000. The aforementioned factors contributing to cash used in operating activities were further offset by a decrease in trade accounts receivable, net of \$1.2 million.

Net cash used in investing activities totaled \$1.5 million and \$241,000 in the first quarters of fiscal year 2013 and 2012, respectively. Net cash used in investing activities during the first quarters of fiscal years 2013 and 2012 resulted primarily from purchases of property and equipment and deposits for the purchase of property and equipment.

Net cash used in financing activities totaled \$73,000 and \$220,000 in the first quarters of fiscal year 2013 and 2012, respectively. Net cash used in financing activities in the first quarter of fiscal year 2013 resulted primarily from the repurchase and retirement of 129,500 shares of our common stock for \$543,000, payroll taxes withheld and remitted on share-based payments of \$287,000 and the \$222,000 payment of quarterly dividends previously declared in October 2012 and in December 2012, partially offset by proceeds from a note payable to our bank under our line of credit, net of repayments, of \$940,000. Net cash used in financing activities in the first quarter of fiscal year 2012 resulted primarily from payroll taxes withheld and remitted on share-based payments of \$106,000 and the \$63,000 payment of quarterly dividends previously declared in October 2011.

### *Credit Facilities*

We have credit facilities consisting of a real estate term loan, as amended (the “Virginia Real Estate Loan”), a supplemental real estate term loan, as amended (the “North Carolina Real Estate Loan”) and a revolving credit facility, as amended (the “Commercial Loan”).

Both the Virginia Real Estate Loan and the North Carolina Real Estate Loan have a fixed interest rate of 4.25% as of January 31, 2013 and are secured by a first priority lien on all of our personal property and assets, except for our inventory, accounts, general intangibles, deposit accounts, instruments, investment property, letter of credit rights, commercial tort claims, documents and chattel paper, as well as a first lien deed of trust on the Company’s real property.

The Commercial Loan provides us with a revolving line of credit for the working capital needs of the Company. Under the terms of the Commercial Loan, we can borrow an aggregate principal amount at any one time outstanding not to exceed the lesser of (i) \$6.0 million, or (ii) the sum of 85% of certain receivables aged 90 days or less plus 35% of the lesser of \$1.0 million or certain foreign receivables plus 25% of certain raw materials inventory. Within the revolving loan limit of the Commercial Loan, we may borrow, repay, and reborrow, at any time until May 31, 2014, the current maturity date of the Commercial Loan.

Advances under the Commercial Loan accrue interest at the greater of (x) LIBOR plus 2.0%, or (y) 3.0%. Accrued interest on the outstanding principal balance is due on the first day of each month, with all then outstanding principal, interest, fees and costs due at the Commercial Loan maturity date of May 31, 2014.

The Commercial Loan is secured by a first priority lien on all of our inventory, accounts, general intangibles, deposit accounts, instruments, investment property, letter of credit rights, commercial tort claims, documents and chattel paper.

As of January 31, 2013, we had \$2.0 million of outstanding borrowings on our Commercial Loan and \$4.0 million in available credit.

### *Capital Expenditures*

As of January 31, 2013, we have committed approximately \$2.7 million to add new manufacturing equipment at our fiber optic cable production facility in order to support increased demand for our fiber optic cable products. Of the \$2.7 million committed, we have spent approximately \$1.9 million as of January 31, 2013. We did not have any other material commitments for capital expenditures as of January 31, 2013. During our 2013 fiscal year budgeting process, we included an estimate for capital expenditures of \$3.8 million for the year. These expenditures are expected to be funded out of our working capital or borrowings under our credit facilities. Capital expenditures are reviewed and approved based on a variety of factors including, but not limited to, current cash flow considerations, the expected return on investment, project priorities, impact on current or future product offerings, availability of personnel necessary to implement and begin using acquired equipment, and economic conditions in general. Historically, we have spent less than our budgeted capital expenditures in any given year.

Corporate acquisitions and other strategic investments are considered outside of our annual capital expenditure budgeting process.

## [Table of Contents](#)

### *Future Cash Flow Considerations*

We believe that our future cash flow from operations, our cash on hand and our existing credit facilities will be adequate to fund our operations for at least the next twelve months.

From time to time, we are involved in various claims, legal actions and regulatory reviews arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on our financial position, results of operations or liquidity.

### **Seasonality**

Historically, net sales are relatively lower in the first half of each fiscal year and relatively higher in the second half of each fiscal year, which we believe may be partially due to construction cycles and budgetary considerations of our customers. For example, our trend for the last three fiscal years has been that an average of approximately 47%, 48% and 45% of our net sales occurred during the first half of fiscal years 2012, 2011 and 2010, respectively, and an average of approximately 53%, 52% and 55% of our net sales occurred during the second half of fiscal years 2012, 2011 and 2010, respectively. We believe net sales may not follow this pattern in periods when overall economic conditions in the industry and/or in the world are atypical.

As a result, we typically expect net sales to be relatively lower in the first half of each fiscal year and relatively higher in the second half of each fiscal year. We believe this historical seasonality pattern is generally indicative of an overall trend and reflective of the buying patterns and budgetary cycles of our customers. However, this pattern may be substantially altered during any quarter or year by the timing of larger projects, other economic factors impacting our industry or impacting the industries of our customers and end-users and macroeconomic conditions. While we believe seasonality may be a factor that impacts our quarterly net sales results, we are not able to reliably predict net sales based on seasonality because these other factors can also substantially impact our net sales patterns during the year.

### **Critical Accounting Policies and Estimates**

Our discussion and analysis of financial condition and results of operations is based on the condensed consolidated financial statements and accompanying condensed notes that have been prepared in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”) for interim financial reporting information and the instructions to Form 10-Q and Regulation S-X. The preparation of these condensed consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 1 to the consolidated financial statements filed with our Annual Report on Form 10-K for fiscal year 2012 provides a summary of our significant accounting policies. Those significant accounting policies detailed in our fiscal year 2012 Form 10-K did not change during the period from November 1, 2012 through January 31, 2013.

### **New Accounting Considerations**

There are no new accounting standards issued, but not yet adopted by us, which are expected to be applicable to our financial position, operating results or financial statement disclosures.

**Item 4. Controls and Procedures**

The Company maintains disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) that are designed to be effective in providing reasonable assurance that information required to be disclosed in reports under the Exchange Act are recorded, processed and summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission (the "SEC"), and that such information is accumulated and communicated to management to allow for timely decisions regarding required disclosure.

Our management evaluated, with the participation of our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer), the effectiveness of the Company's disclosure controls and procedures as of January 31, 2013. Based on this evaluation process, the Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures were effective as of January 31, 2013 and that there were no changes in the Company's internal control over financial reporting that occurred during the last fiscal quarter ended January 31, 2013 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

**PART II. OTHER INFORMATION****Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

The following table summarizes the Company's purchases of its common stock for the three months ended January 31, 2013:

<u>Period</u>	<u>Total number of shares purchased (1)</u>	<u>Average price paid per share (2)</u>	<u>Total number of shares purchased as part of publicly announced plans or programs</u>	<u>Maximum number of shares that may yet be purchased under the plans or programs (1)</u>
November 1, 2012 – November 30, 2012	106,500	4.27	106,500	146,500
December 1, 2012 – December 31, 2012	2,100	3.77	2,100	144,400

- (1) On September 20, 2012, the Company's Board of Directors approved a plan to purchase and retire up to 320,000 shares of the Company's common stock, or approximately 4.9% of the shares then outstanding. The Company anticipates that the purchases will be made over a 12- to 24-month period unless the entire number of shares expected to be purchased under the plan is sooner acquired. For the three month period ended January 31, 2013, the Company repurchased and retired 129,500 shares of its outstanding common stock. The repurchases, including brokerage and legal fees, for the three month period ended January 31, 2013 totaled approximately \$543,000.
- (2) The average price paid per share set forth above includes the purchase price paid for the shares, and brokerage and legal fees paid by the Company. The average purchase price per share (excluding brokerage and legal fees) paid by the Company for the three months ended January 31, 2013 was \$4.17.

AMENDMENT TO  
OPTICAL CABLE CORPORATION EMPLOYMENT AGREEMENT

THIS AMENDMENT TO EMPLOYMENT AGREEMENT (this "Amendment") is made and entered into as of the 18th day of December, 2012, by and between Optical Cable Corporation, a Virginia corporation, hereinafter called the "Corporation", and Neil D. Wilkin, Jr., hereinafter called the "Executive", and provides as follows:

WHEREAS, the Corporation and the Executive entered into an Employment Agreement as of the tenth day of December, 2004, setting forth certain terms and conditions of the Executive's continued employment by the Corporation (the "Employment Agreement");

WHEREAS, subsequent to the effective date of the Employment Agreement, Section 409A of the Internal Revenue Code was enacted, adding certain requirements for continued tax favorable treatment of nonqualified deferred compensation arrangements;

WHEREAS, the Employment Agreement was amended as of December 31, 2008 in certain respects to comply with the requirements of Section 409A and the regulations promulgated thereunder;

WHEREAS, the Employment Agreement was amended and restated, in full, as of April 11, 2011 (the "Amended and Restated Employment Agreement");

WHEREAS, the Amended and Restated Employment Agreement must be further amended in certain respects to comply with the requirements of Section 409A as interpreted by the Internal Revenue Service;

WHEREAS, the parties have mutually agreed upon the following amendments to the Amended and Restated Employment Agreement;

NOW, THEREFORE, for and in consideration of the premises and of the mutual promises and undertakings of the parties as set forth in the Amended and Restated Employment Agreement and as set forth herein, and other and good and valuable consideration, receipt of which is hereby acknowledged, the parties covenant and agree as follows:

1. Section 10(c)(4)(iii) of the Amended and Restated Employment Agreement is modified to read in full as follows (in lieu of the current language of such section):

"The obligations of the Corporation to Executive under Section 10(c)(2) and Section 10(c)(3) are conditioned upon the Executive's signing a release of claims in a form satisfactory to the Corporation within sixty (60) days of the date he receives or gives notice of termination of his employment, and upon the Executive not revoking such release before expiration of the statutory period during which such release may be revoked. Notwithstanding any contrary provision set forth in this Section 10(c)(4)(iii), the obligation of Executive to sign such release of claims is conditioned upon the Corporation providing to Executive a form of such release of claims that is reasonably satisfactory to the Corporation within fifteen (15) days of the date Executive receives or gives notice of termination of his employment."

2. Except as modified by this Amendment, the Amended and Restated Employment Agreement of April 11, 2011 shall remain in full force and effect.

IN WITNESS WHEREOF, the Corporation has caused this Amendment to be signed by its duly authorized representative and Executive has hereunto set his hand and seal on the day and year first above written.
